**About the company:**

Recaro is an independent company in the internationally active Keiper Recaro Group which operates at more than 30 locations world-wide. Around 8,300 people are employed in the three divisions Keiper, Recaro and Recaro Aircraft Seating in the manufacture of high quality products in the field of mobile seating for vehicles and aircraft. The group achieved sales of approximately 1.2 billion Euros in 2008.

Recaro is a well established company; founded in 1906 by master saddler Wilhelm Reutter initially as a body factory. Today, Recaro can look back on over 100-years of company history. Reutter produced car bodies for vehicles such as the Porsche 356, VW Beetle, BMW 328, Horch and many other well-known brands. The Recaro brand evolved from combining the name REutter with CAR body. The first Recaro sport seat was presented in 1965. After the merger with the Keiper company in 1969, Recaro operated as an independent member of the Keiper Recaro family and is constantly redefining mobile seating with revolutionary innovations.
